## About the site

A new modern community centre is planned for the site of the former facility at 164 Lower Road, Bookham.

## Our plans

Surrey County Council is working with local groups to bring forward a new, purpose-built community centre for Bookham, replacing the former facility that closed in August 2019.

The new single-storey building has been designed to support a wide range of community activities and will include a large community hall, a separate multi-purpose room, a kitchen, an office and toilets.

More details of the proposals will be available to view at our consultation event and on our website from **Tuesday 14 October**. Members of the project team look forward to meeting residents, answering questions, and discussing the proposals ahead of a planning application being submitted.
